TRACKING NO. 0053-20

AN ACTION

RELATING TO NAABIK'ÍYÁÁTII; SUPPORTING H.R. 5510, A PROPOSED
CONGRESSIONAL BILL AMENDING THE HELP AMERICA VOTE ACT OF
2002 AND ENTITLED “PROTECTION AND ADVOCACY FOR VOTING
ACCESS PROGRAM INCLUSION ACT”

WHEREAS:

1. Voting in the United States is a fundamental right of all Americans. U.S.
Constitution, Amendment XV (1870). In spite of this, minorities, particularly Native
Americans, continue to face discrimination and other unfair restrictions in the election
process, including unreasonable voter registration procedures, inadequate language
assistance and unfair voter identification requirements. Native Americans with
disabilities face even more barriers in the voting process, including those at the polls on
election day.

2. In 2013, the Native American Disability Law Center (NADLC) and the Navajo
Nation Advisory Council on Disabilities (NNACD) reported:

“Thirty percent of Navajos between the ages of 21 and 54 have a disability. Of
Navajos over the age of 64, 70% have a disability. Close to 40,000 enrolled members
of the Navajo Nation have a disability.” The Fundamental Principal of a
Participatory Democracy, Native American Disability Law Center (May 2013). See
report attached as Exhibit B (hereinafter, “report”).
3. The NADLC and NNACD, in its 2013 report, found:
   “One of the primary issues facing Navajo with disabilities throughout the Navajo
   Nation is difficulty getting into polling sites. Navajo with disabilities cannot get out
   of their vehicles because of muddy parking lots; they cannot get to a polling site
   entrance because of loose gravel and large rocks on the parking lots; they cannot get
   in doors because they are too heavy, there is no ramp, or the doors are not wide
   enough to accommodate a wheelchair.” Report (2013).

4. The United States Congress in 2002 passed the Help America Act (HAVA). Under
   the act, the Protection and Advocacy for Voting Access program (PAVA) was
   established within the United States Department of Health and Human Services,
   Administration on Disabilities. Through the program, funding is made available to
   eligible Protection and Advocacy Systems across the United States.

5. PAVA advocates “for voters with disabilities,” ensuring that such voters have “access
   to all aspects of the American voting process.” See, History and Need for Technical
   Fix in PAVA Program, National Disability Rights Network. Exhibit C. More
   particularly, the program assists with “providing disability training to poll workers,
   distributing resources on how to conduct an accessible campaign, maintaining voting
   hotlines, and examining polling places for accessibility.” Id.

5. Within the Four Corners region, the American Indian Consortium (the Native
   American Disabilities Law Center) serves Native Americans with disabilities in areas
   of civil rights, education, health care and access to public and private services.
   However, due to interpretation of HAVA provisions, the Consortium, as well as the
   Commonwealth of the Northern Mariana Islands (CNMI), does not receive any funds
   under PAVA. This is because the Consortium is not a “state.”

6. The original intent of PAVA was to include funding for programs serving as
   Protection and Advocacy Systems. Congressional proposed bill H.R. 5510 intends to
   amend HAVA to explicitly allow “grant funds to the voting accessibility protection
   and advocacy system of the Commonwealth of the Northern Mariana Islands and the
   system serving the American Indian consortium.” See attached Exhibit A.
NOW THEREFORE BE IT RESOLVED:

The Navajo Nation hereby supports H.R. 5510, a proposed Congressional Bill amending the Help America Vote Act of 2002, entitled “Protection and Advocacy For Voting Access Program Inclusion Act.”
