Personnel Policies

Board Approved: January 12, 2019

Ya'at'eeh,

One of the greatest gifts anyone can give to those looking for a ladder that will allow them to climb into a future that will allow them to take care of themselves and their family while contributing to the society in which they live is a university education. Those individuals who help deliver that gift are among the most valuable people that Navajo Technical University (NTU) can imagine. Whether you are just starting as an employee or have been one of our employees for a long time, we want to welcome you to your Personnel Policy and thank you for deciding to make a difference in the lives of Navajo students.

NTU lives by the Diné Philosophy of Education (DPE). DPE is drawn from the traditional culture described in the teachings given to the Navajo, Diné, people. NTU's Mission Statement says that "the University is committed to a high quality, student-oriented, hands-on learning environment based on the Diné cultural principles: Nitsáhákees (Thinking), Náhátá (Planning), Íina (Living) and Sihasin (Assuring). If you are not familiar with DPE, we invite you to utilize NTU's cultural programs to learn about the powerful ideas that make up these important principles of Diné life.

The policy in this manual have taken shape over many years of practice and planning at NTU. DPE has been central to what has been developed and implemented over the years. The Board of Regents, employees, faculty, and administration have all played important roles in effort.

This policy is designed to familiarize you with all of the University's policies, procedures and benefits. We are hoping it will answer any questions might have about employment at the University. If you have any questions or concerns that are not answered, please feel free to talk to your supervisor, or call Human Resources at (505) 786-4110. All employees are given a Personnel Policy when they first start their career at NTU. However, additional copies are available in the Human Resources office.

As you spend time working with our students, your fellow employees, and our Navajo communities, we hope you will join the Board of Regents, the President, and all of those who have helped us achieve the quality institution of higher learning that exists in continuing to move into a future where endless possibility are always shining on the horizon.

We believe a disciplined learning environment with an innovative and community-based academic and vocational curriculum, will produce a competent, educated, and self-reliant participant of the Navajo Nation in the world of work.

1.2 The Personnel Policy Purpose and Use

This Personnel Policy provides Navajo Technical University (the University) employees with information regarding University guidelines, policies, and procedures. The Board of Regents recognizes that employees differ in their skills, goals, perceptions, and values. Thus, it is basic human nature that conditions may arise that are either incompletely addressed in this Policy or result in conflicts. In these cases, the University strives to make personnel decisions that are equitable while at all times ensuring that the University's best interests are served.

This Personnel Policy is not a contract of employment. Only the University President, as authorized by the Board of Regents, has the authority to enter into any agreement for employment for any specified period of time, or to make any agreement that differs from this Policy.

Upon the President's recommendation, the Board of Regents of the University may amend, suspend or rescind any provisions of this Personnel Policy as it deems appropriate, at its sole and absolute discretion.

SECTION 2 GOVERNANCE

2.1 Board of Regents

- A. The Board of Regents consists of six (6) members who oversee and direct the University in compliance with Navajo Nation laws, Board policies, and applicable Federal laws. The Board and Administration determine the University mission, set standards, exercise discretion over the University's organization and operational efficiency, and take all necessary action to maintain uninterrupted service to its students and faculty.
- B. The Board of Regents, to maintain harmony and show an effort of good will, shall tour certain areas of the University Campus upon the conclusion or prior to the Board Meetings held on campus.

2.2 Administration

- A. President: The Board of Regents selects and employs the University President who serves at the discretion of the Board. The President is responsible for all University operations. - B. Director of Human Resources: The Director of Human Resources is responsible for recruitment,

establishment and timely review of the Professional Development Plan, and policies and procedures related to administration of employee benefits and programs in meeting staffing goals, employee training, managing job performance and interpreting policy. The University strives to employ, retain, promote, terminate and otherwise treat all employees and job applicants based on merit, qualifications and competence, consistent with applicable laws and Board policies. The Navajo Veteran's Preference policy is available at the Human Resources Office.

- D. Other: Whenever necessary, the University may offer preference in employment to other applicant based on funding source requirements, however, in no case may preference supersede Navajo preference.

3.3 Seniority

- A. Overview: Seniority determines priorities in promotion and transfers when ability, skill, training and other relevant qualifications are equal as determined by the University. Nothing in this policy overrides the Navajo Preference in Employment Act and qualifications of employees as the primary consideration in such decisions. Seniority means the employee's length of continuous service. Seniority is computed from the first day of employment. Seniority considerations apply to all Regular Employees. Temporary Employees do not accumulate seniority.
- B. Special Provisions: A regular employee who has been laid off for lack of work and is reinstated within one (1) year retains accumulated seniority to the date of termination.

An employee who is not terminated after a positive test result shall be required to participate in an approved drug or alcohol treatment program as a condition for continued employment. Any employee who participates in such a program will be paid their regular hourly wage or salary when completing the screening and assessment part of the program. The employee will be placed on unpaid leave for the rehabilitation or treatment portion of the program. However, an employee may be permitted to use accrued Paid Time Off instead of unpaid leave during treatment or rehabilitation. Upon successful program completion the employee shall be permitted to return to his/her position. If the employee fails to complete the program for any reason, he/she will be dismissed for cause. If an employee has had a positive test for drugs and/or alcohol, and has not been terminated, the employee will be subject, without notice, to random drug and/or alcohol testing for a two-subsequent year from the date of their initial positive test. The employee shall not be permitted to operate any University vehicle for a three years period from the positive test result subject to review by the Human Resource Director who may recommend restoring the employee's driving privileges after one year from the positive test result, and at the University President's sole discretion. There is no right to a grievance to overturn a rejection of the driving privilege. No employee will be permitted to use a University vehicle until the 3 years have elapsed from the positive test result.

- e. Second Positive Test or Violation: Immediate dismissal shall result.
- D. Counseling and Rehabilitation Programs: Employees with drug or alcohol dependency or abuse problems are encouraged to voluntarily seek counseling and appropriate referral for treatment. Referral, treatment and rehabilitation costs may be covered through the University group insurance policy or other available area programs such as the Crownpoint Indian Public Health Services, the Navajo Department of Behavioral Health Services and other government agencies and organizations.
- E. Information: Employees may obtain further information regarding this policy, referral programs and other related information by contacting the Human Resources Director and/or the Substance Abuse Counselor at NTU.
- F. Policy Enforcement: The University is committed to making this a safe and Drug-Free Workplace and as such, has adopted a zero tolerances position on the illegal use and sale of drugs and alcohol. Accordingly, every employee is required to acknowledge in writing that they have read, understood and agree to abide by the University Drug-Free Workplace Policy.

5.3 Sexual Harassment

- A. It is the policy of the University to protect all employees, male or female, against unwelcome and unsolicited behavior of a sexual nature. Such behavior is unacceptable in the workplace and other work-related settings such as business trips and business-related social events.
- B. Definition: Sexual harassment is defined as unwelcome or unwanted conduct of a sexual nature, whether verbal or physical when:
 - Submission to or rejection of this conduct by an individual is used as a factor in decisions affecting hiring, evaluation, promotion, or other aspects of employment.
 - This conduct substantially interferes with an individual's employment performance on the job, or creates an intimidating, hostile, or offensive working environment.
 - Examples of sexual harassment may include, but are not limited to:
 - Nonverbal actions, leering, gesturing of a sexual nature;
 - Unwanted sexual advances;
 - Demands for sexual favors in exchange for favorable treatment or continued employment;
 - Repeated sexual jokes, flirtations, advances, or propositions;
 - Verbal abuse of a sexual nature;
 - Verbal commentary about an individual's body;
 - Touching, rubbing, pinching, whistling, assaulting, suggestive insulting, coerced sexual acts or rape;
 - Such as environmental harassment, display in the workplace of sexually suggestive objects or pictures;
 - Unwanted Navajo clan teasing.
- C. Reporting a Complaint

Sexual harassment complaints must be reported, regardless of the offender's identity or position. Reports of sexual harassment must be in writing and submitted to the Human Resources Director *or the appointed Title IX Coordinator*. Employees who believe they have experienced or witnessed a harassment conduct should report it. If requested by the complainant or if a conflict exists for the Human Resources Director that inhibits him/her from conducting an impartial investigation, the President shall designate another University employee, trained in the sexual harassment complaint process, to review and investigate the sexual harassment complaint.

Early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment. Therefore, please promptly report any concerns so that appropriate response is taken. An investigation

concerning the alleged harassment will be conducted, and if confirmed, steps will be taken to correct the conduct. This is only possible with staff cooperation; we cannot correct conduct of which we are unaware. No one is exempt from this policy, including the President.

D. Retaliation is Prohibited

Retaliation against anyone who reports sexual harassment, or who participates in an investigation of a report is also prohibited. Retaliation against anyone for reporting sexual harassment, or for participating in an investigation of a claim of sexual harassment violates this policy. Like sexual harassment itself, retaliation will be subject to dismissal.

E. Investigation Procedures

Any reported claims of harassment or retaliation will be investigated in a manner that protects the privacy of all persons involved and such privacy will be maintained throughout the investigatory process to the extent practical and appropriate. The investigation may include individual interviews with the parties involved and, where necessary, with anyone who may have observed the alleged conduct or may have other relevant knowledge.

F. Discipline

Discipline for conduct constituting harassment or retaliation will be handled appropriately, based on the severity of the conduct. Discipline will include any steps to assure the conduct will not be repeated, such as training, referral to counseling, monitoring of the offender, a warning, reprimand, withholding of a promotion or pay increase, reduction of wages, demotion, reassignment, temporary suspension without pay, or termination, as the University deems appropriate under the circumstances. A person who knowingly makes a false or malicious report of harassment or retaliation may also be subject to discipline. However, any report made in good faith will not be subject to any discipline

5.4 Personal Relationships in the Workplace

Employment of relatives or individuals involved in a dating relationship in the same department may cause serious conflicts and problems with favoritism and morale. Moreover, personal conflicts from outside the work environment can interfere with work relationships. Therefore, these rules apply:

- A. No employee shall supervise a family member or relative. This promotes consistency and equity in the treatment of all employees, to prevent confidentiality breaches, prevent improper influences in employment and prevent the perception of favoritism.
- B. For purposes of this policy, the term “relative” is an individual who is related by blood or marriage to the employee as a father, mother, son, daughter, brother, sister, grandmother, grandfather, uncle, aunt, cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, stepfather, stepmother, stepson, stepdaughter, stepsister, stepbrother, half-brother, or half-sister. A dating relationship is defined as a relationship that may reasonably be expected to lead to the formation of a consensual romantic or sexual relationship.
- C. Individuals involved in a dating relationship with a current employee may not supervise the employee with whom they are involved in a dating relationship. The University reserves the right to take prompt action if an actual or potential conflict of interest arises involving relatives or individuals involved in a dating relationship who occupy positions at any level (higher or lower) in the same line of authority that may affect employment decisions.
- D. Faculty and instructors may not be involved in a dating relationship with his/her student. This constitutes a misuse of authority and conflict of interest.
- E. Staff may not be involved in a dating relationship with a student over whom the employee may have an influence in administration decisions, such as admissions, financial aid, housing and/or employment.
- F. If a relative relationship or dating relationship is established after employment and a conflict as described in the preceding paragraph is created; or, if a reorganization creates such a conflict, fifteen (15) calendar days will be allowed to resolve the

matter voluntarily or by transfer of one of the employees to a different department. If after the fifteen (15) days the matter is not resolved, the employee with less seniority may be released from employment.

- G. Where a conflict or the potential for conflict arises because of the relationship between employees, even if there is not line of authority or reporting involved, the employees may be separated by reassignment, transfer or terminated from employment.
- H. Employees in a close personal relationship should refrain from public workplace displays of affection or excessive personal conversation.

5.5 Workplace Violence Prevention

The policy of the University is to prevent workplace violence and to maintain a safe work environment.

- A. Conduct that threatens, harasses, intimidates, or coerces another employee, a student, or a member of the public, will not be tolerated. Such behavior can include oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm.
- B. Employees are to refrain from fighting or other conduct that may be dangerous to others.
- C. Employees are prohibited from possessing or carrying a firearm while acting in the course and scope of their employment, either on or off University property, regardless of whether the employee has a permit to carry a firearm, except law enforcement officers authorized by Navajo Nation laws to carry firearms.
- D. All threats of, or actual violence, harassment, intimidation, coercion and/or any of the following indicators of increased risk of violent behavior should be reported to the immediate supervisor and/or campus security. One of the major components of any workplace violence program is prevention. No one is able to predict human behavior, so there is no specific "profile" of a potentially dangerous individual. However, there are indicators of increased risk of violent behavior available. These are some of the indicators:
 - Direct or indirect threats of harm
 - Intimidating, belligerent, harassing, bullying, or other inappropriate and aggressive behavior.
 - Conflicts with supervisors and other employees.
 - Drug/alcohol abuse or extreme changes in behavior.
 - Bringing a weapon to the workplace or making inappropriate references to weapons.
 - Statements exclaiming fascination with violence, or the use of violence to resolve a problem.
 - Change in person's normal behavior.

Each of these behaviors is a clear sign that something is wrong, and none of these warning signs should be ignored. By identifying the problem and dealing with it appropriately, violence may be prevented from happening.

- E. The supervisor shall document and be responsible for ensuring the prompt and thorough investigation of reports concerning threats of, or actual, violence harassment, intimidation, coercion and/or any of the indicators of increased risk of violent behavior.
- F. In order to maintain workplace safety and to maintain the integrity of the investigation, employees may be placed on leave consistent with the provisions of Section 8 Leave.
- G. Any employee determined to be responsible for threats of, or actual violence or other conduct that is a violation of these policies will be subject to disciplinary action up to and including termination of employment.
- H. Employees are encouraged to bring their disputes or differences with other employees to the attention of their supervisors

before the situation escalates.

- I. Employees are required to attend the Workplace Violence Prevention Orientation on an annual basis.

5.6 Unlawful Acts

- A. Any unlawful act committed by an employee of the University while on or off the job or University premises, can affect an employee's status. Notwithstanding any criminal prosecution initiated in a court of law, an employee may be disciplined up to and including removal, if the conduct constitutes a violation of the University's Personnel Policies.
- B. An employee convicted of a misdemeanor involving moral turpitude or a felony cannot be reemployed by the University for a period of at least three (3) years.

5.7 Use of Technology Resources

- A. Employees shall comply with provisions regarding use of technology resources in this Personnel Policies and the NTU Computer and Network Usage Policy. A copy of the NTU Computer and Network Usage Policy is available at the Information Technology Department office.

5.8 Political Activities on Campus

All employees have the right and obligation to be informed, active citizens and the right to exercise their political responsibilities including voting, discussing political issues, campaigning for candidates and running for and serving in political office. While all employees are free to express political opinions and engage in political activities, it is important that they do so only in their individual capacities and avoid even the appearance that they are speaking or acting for the University in political matters. However, campaign activities by employees on University property are not permitted except as provided herein. Candidates for elective office or their representatives may contact the University President's office to obtain information and policies.

- A. Employees taking political positions for themselves or groups with which they are associated, but not as representatives of the University, should clearly indicate, by words and actions, that their positions are not those of the University and are not being taken in an official capacity on behalf of the University.
- B. During election campaigns, auditoriums or other facilities of the University may be used by the university, or groups affiliated with the university, for public forums provided that all legally qualified candidates for a public office are invited and given equal access and opportunity to speak. No political fundraising is allowed on such an occasion.
- C. The University shall not endorse candidates for political office or make any contribution of money, goods, or services to candidates. No employee shall intentionally or unintentionally cause the University or make such an endorsement or contribution.
- D. University office addresses and e-mail addresses may not be used as a return mailing address for partisan political mailings. University telephones may not be used for partisan political purposes. University services, such as interdepartmental mail, electronic mail, and mailing lists; equipment, such as duplicating machines, computers, facsimile machines; and supplies may not be used for partisan political purposes. No University employee may, as part of his or her job, be requested to perform tasks in any way related to partisan political purposes.

5.9 Employment Outside of your University Contract

Employees may accept temporary, summer or contract employment provided if it does not interfere with their University work schedule. An example is the request for an employee to deliver the opening prayer for a meeting where an agreement provides that a fee would be paid for to the employee for this function. Instructors that teach the summer session are also covered within this section. Any employee who works outside the University must seek payment for the work from the outside organization and not through the University. An employee requested to provide services for a University or Board related function, or under the terms of a grant will receive payment through the University payroll department under mutually agreed upon terms. Full time employees must notify the University of Outside Employment that will be performed during their employment contract period.

5.10 Safety and Security Issues on Campus

Issues related to safety and security shall be addressed in accordance with the NTU Emergency Response Manual which is located with the Safety and Human Resources Department.

SECTION 6 WORK HOURS, COMPENSATION, PAYROLL AND PERSONNEL FILES

6.1 Standard Work Schedules and Breaks

Standard work hours are generally from 8 a.m. to 5 p.m. with one hour for lunch. The standard work day consists of two, four-hour increments with an hour off for lunch or dinner, depending on the start of the employee's work day, along with two (2) non-cumulative breaks of 15 minutes each. Breaks are normally taken in the middle of each four (4) hour period. The standard work week begins on Saturday and ends on the following Friday and consists of 40 hours. Authorized time worked over 40 hours is required.

6.2 Flexible Work Schedule

Flexible work schedules may or may not add up to 8 hours per day. Flexible schedules are designed to give an employee latitude to work a 40-hour week as his/her department requires for the benefit of the University which does not conform to the general 8-5 work day which must be pre-approved in writing by the employee's supervisor. Flexible work schedule employees are also entitled to a one-hour lunch break with two 15-minute breaks as their schedules allow.

6.3 Authorized Time Worked - Paid

- A. Actual time worked at an employee's job location as required by their position description.
- B. Meal periods when included within the employee's standard work schedule. For non-exempt employees where meal periods are less than 30 minutes, or when an employee is not completely relieved of duties is also considered time worked.
- C. Authorized rest periods not to exceed 15 minutes. Breaks may not be accrued, taken as time off, or used at the beginning or end of a shift.
- D. Attendance at meetings, conferences, training courses, etc., when attendance is during the work day and is mandatory or requested by the employee's supervisor.
- E. Travel time during the work day when required and authorized by the employee's supervisor.
- F. Time lost at the employee's job location due to fire, machine breakdown, power failure or other unforeseen problems that require the employee to be sent home.
- G. Time not worked when charged to leave, or paid holidays or accrued compensatory time used by non-exempt employees authorized by the employee's supervisor.
- H. Time off for voting, jury duty or appearance as witness for University pursuant to Leave with Pay policy.

Exempt positions are executives, managerial, supervisory, professional, faculty, administrative and skilled computer positions. Overtime is time worked beyond 40 hours in a standard work week.
- B. General Policy: General workloads and work schedules are arranged so that duties can be accomplished in a normal 40 hour workweek. In emergency or unique situations, overtime may be authorized and worked.
- C. Authorization: Overtime must be preauthorized and documented by the supervisor or designee.
- D. Payment: Non-exempt employees are paid for all overtime hours at 1½ times the standard hourly rate. Paid time off or holidays are not considered time worked when calculating overtime.

6.6 Pay Administration

- A. Salary Scale: The University has adopted a consolidated salary scale applicable to all positions except for those positions identified as negotiated salary. The scale is based on hourly or hourly-equivalent pay rates so employees with the same qualifications, job responsibilities and successful experience will be paid the same rate per hour whether employed full-time or part-time, or for a full or partial calendar year. The series of sequential grade levels relate University positions to each other based on increasing degrees of responsibility, complexity and qualification requirements. Within each grade level, a series of sequential step levels set increased pay rates based on years of successful job experience at the University position or in closely comparable positions prior to hire. Provisions allow systematic placement of particular positions at grade levels on the scale relative to other positions and to credit individual employee job experience for placement at a particular step level both prior to hire and while employed at the University. Provisions allow for phasing in the scale to minimize initial negative impacts on either the University budget or the individual employee. Financial management information provisions exist to accurately project the cost of proposed scale changes on each of the University's funding source budgets.
- B. With the availability of the University's funding source budgets for the particular fiscal year, full time employee's salary scale will be increased based on their annual performance in administrative activities, teaching, and research. (Includes annual evaluation reports by the Division Chairs, Deans and President, and total research grants.
- C. Pay Disbursement Policies: Pay disbursement policies are established by the University, a copy of which is available at the University Finance Office. Paydays are bi-weekly on Fridays. Direct deposit of pay is encouraged. The employee shall authorize direct deposit at the beginning of their contract period. If a payday falls on a holiday, payroll will be disbursed the day preceding the holiday. If an employee wishes to authorize another person to receive his/her pay check, the employee's written authorization shall be submitted to the University Business Office on or before 12:00 p.m., Thursday before the payday.

The employee must secure supervisor's written approval if the course is to be taken during normal working hours and arrangements made for any time that is to be made up.

If the employee decides not to complete the course, he/she must drop the class during the posted withdrawal period. No administrative appeal, unless extreme circumstances exist, will be available to remove the department charge.

Records related to the use of the NTU Tuition Waiver will be maintained by the Human Resources Department.

B. Family Educational Benefit (credit class)

A qualified family member of an employee eligible for benefits, as defined by the university's health insurance plan rules, may have tuition waived for up to four (4) credit hours per semester. Proof of family member status is required and must be verified by the Human Resources Office.

C. NTU Tuition Waiver requirements

1. Enrollment by NTU employees

Approval of enrollment in courses using the NTU tuition waiver, which is described in the NTU Personnel Policies, will include consideration of the following:

- a. The relevance of the degree or coursework to the employee's contracted employment responsibility and alignment with NTU's strategic plan.
- b. Direct financial cost and hidden cost will need to be considered (hidden cost includes the amount of time that an employee may need to undertake coursework and therefore, decrease his or her NTU contracted work time).
- c. An employee cannot take courses during his or her scheduled work time, unless he or she takes leave to do so, or works a flex times schedule that ensures he or she covers his/her full contracted work time and which his or her supervisor and the HR Director approve of.

An employee who wishes to use the NTU Tuition Waiver should discuss his or her academic plan with his or her supervisor. Usually, the employee will include this activity in his or her Professional Development Plan (PDP). The employee should also seek academic counseling to ensure that he or she has an appropriate certificate or degree checklist completed.

The employee must successfully complete each course to continue to qualify for an NTU Tuition Waiver. Successful completion of any coursework for degree programs shall mean a grade of "B" or better. The NTU Tuition Waiver cannot be continued when an employee earns a grade below "B". The NTU Tuition Waiver cannot be used for any courses that are being retaken. Any individual that earns a "C" grade or lower will not be granted tuition waiver approval to take further courses until that individual provides an official transcript showing successful completion of the course which he or she pays for without NTU support.

The employee receiving a tuition waiver must report to his/her supervisor on his/her progress toward a certificate or degree, for each semester or summer term of enrollment. Approval for continued tuition waiver will be contingent on the progress reporting.

2. Enrollment by an NTU Employee's Family Member

Employees whose family members use the Tuition Waiver for Family Educational Benefit described in the NTU Personnel Policies must ensure the following is completed:

- a. The family member receiving a tuition waiver must receive academic counseling prior to his or her course enrollment to ensure that he or she receives that most appropriate academic benefit.
- b. The family member receiving a tuition waiver must report to the PDP Committee on his or her progress toward a certificate or degree, for each semester or summer term of enrollment. Approval for continued tuition waiver will be contingent on the progress reporting. Approval for continued tuition waiver also requires successful completion of any coursework; this shall mean a grade of "B", or better. Future tuition waiver will not be granted when course grades fall below "B", nor will tuition waiver be granted for any courses that are being retaken. And individual that does not receive a "B" grade will not be granted tuition waiver until that individual provided evidence of successful completion of the failed course plus another degree checklist course that he or she pays for without NTU support.

3. Employees and family members are not permitted to use tuition waiver to retake a course that has already been paid for with the NTU Tuition waiver policy. To retake a course, employees and family members shall pay out of pocket.

SECTION 8 LEAVE

8.1 Paid Time Off (PTO)

- A. Overview: Staff, Professional Staff, Faculty and 9-month Employees are credited leave time under a “blanket plan” called Paid Time Off (PTO).

The use of Paid Time Off (PTO) is subject to supervisory approval. Employees should keep in mind that the use of PTO is granted as a privilege rather than a right. It should also be clearly understood that PTO is granted to employees at such times as they can be conveniently spared from work. Use of PTO may be subject to verification and improper use of PTO may be denied. PTO may be denied due to the requirements of the workload.

If leave is for illness or medical reasons, the employee must call their supervisor within two (2) hours of the start of their shift to state leave is taken for that day. The employee must complete the PTO form immediately upon returning to work.

Except in emergency circumstances, application for PTO of any kind or duration must be initiated by the employee in writing and presented to the authorized supervisor for approval prior to taking PTO. If an employee is incapacitated, the supervisor may place the employee on appropriate leave

The following charts indicate the PTO credited each year for Staff, Professional Staff, Faculty and 9-month Employees:

All full time 12-month Staff (Non-Exempt):

Years of Service	Yearly PTO

Third Year	192 hours (96 hours on June 1; 96 hours in December 1)
Fourth Year and over	248 hours (124 hours on June 1; 124 hours on December 1)

If an employee terminates his/her employment with NTU, the employee’s PTO will revert to a per pay period accrual rate calculation. The accrual will be less than what is reflected above. The Human Resources Director is available to answer any questions.

Full Time 12-month Professional Staff (Exempt):

Years of Service	Yearly PTO
First and Second Year	192 hours (96 hours on June 1; 96 hours on December 1)

If an employee terminates his/her employment with NTU, the employee’s PTO will revert to a per pay period accrual rate calculation. The accrual will be less than what is reflected above. The Human Resources Director is available to answer any questions.

Designation or classification of overtime status (Exempt/Non-Exempt) will be made in accordance to the Fair Labor Standards Act.

- B. Time Charges: Time charged to PTO may not exceed the employee's credited PTO. It shall be charged in one hour increments.
- C. Leave Accrual: PTO is accrued at the rate indicated in the above chart for Staff, Professional Staff, Faculty and 9-month Employees on the dates listed. Employees are encouraged to use their PTO during their contract period to meet their personal needs.
1. Termination/Resignation: An employee who has indicated an intent to terminate may not take leave which would extend the termination date beyond the last day actually worked. The termination day shall be the last day actually worked. Employees shall schedule all earned leave prior to the last day actually worked.
 - Any leave time up to forty (40) hours not used by the last day worked will be calculated by the Payroll Office and paid at the employee's straight time rate. Leave time in excess of 40 hours shall be lost if not taken by the employee's last day of work.
 - If an employee terminates his/her employment with NTU, the employee's PTO will revert to a pay period accrual rate calculation. The accrual will be less than what is reflected above.
 2. Payment of PTO at end of Contract Period: Subject to availability of funds, payment of unused PTO may be made to the employee at the end of their contract period up to a total of 40 hours. Any leave in excess of the 40 hours that is not taken by the end of the employee's contract term will be lost.

Payment for PTO paid out at the end of an employee's contract term is at the employee's regular time rate of pay.

- D. Probationary Employees: Employees on their 90-day evaluation period are not credited PTO until completion of the evaluation. Any absence during this period will be charged as leave without pay. Employees terminated before the end of their first 90 days of employment will not be paid for any PTO. PTO is credited on a pro rata basis for probationary employees upon satisfactory completion of the evaluation period.
- E. Leave Approval: While leave is normally scheduled based on the employee's wishes, the University reserves the right to deny, change or reschedule leave based on its needs. Leave must be requested on the PTO leave form and approved by the employee's immediate supervisor before it is taken.
- F. Rehire or Reinstatement: While leave does not accrue during layoff or leave without pay, employees reinstated before the end of their employment contract will resume PTO at the same rate in effect at the time of their layoff or authorized leave without pay.
- Employees rehired before the end of their employment contract for any reason other than layoff will resume PTO at the rate in effect at the time of termination.
 - Employees offered a new employment contract after their prior contract expiration are considered new employees for the purpose of PTO accrual.

 2. Regular non-exempt employees required to work on a holiday will be paid at the rate of two (2) times their regular rate of pay. Temporary workers required to work on a holiday will be paid at their regular rate of pay.

8.3 Family Medical Leave (FML)

3. Care of the employee's spouse, son or daughter or parent with a serious health condition; and
4. The inability of an employee to perform his or her job duties due to his or her own serious health condition, or the necessary absence from work of an employee to receive medically necessary treatment.
5. A "serious health condition" is an illness, injury, impairment, or physical or mental condition that:
 - a. Requires in-patient care in a hospital, hospice, or residential medical care facility; or
 - b. Requires continuing treatment by a health care provider and which, if left untreated, would likely result in an absence from work of more than three days; or
 - c. Involves pre-natal care.
 - d. A "serious health condition" does not include voluntary cosmetic treatments unless inpatient care is required, or routine physical examinations.

Employees who take family medical leave must first utilize all available paid time off leave. The reason for leave must correspond with the basis for leave under the leave policy.

An employee seeking leave on the basis of serious medical condition of the employee, the employee's spouse, son, daughter, or parent, must provide certification issued by the license health care provider of the employee, or of the employee's spouse, son or daughter, or parent, stating:

- a. The date the condition began.
- b. It's probable duration.
- c. Appropriate medical facts,
- d. and that, for a specified time, either:
 - a. The employee is unable to perform his or her job functions; or
 - b. Will be unavailable to do so while receiving necessary medical treatment, or
 - c. The employee will be needed to care for the sick family member.

Eligibility

To be eligible for family medical leave, an employee must have worked for NTU for a total of 12 months, during which the employee must have worked a total of 1250 hours.

Application Process

- A. An employee requesting leave will submit a written request to their immediate supervisor.
 - B. All requests for Family Medical Leave must be approved by the employee's supervisor and the Human Resources Director.
 - C. An employee seeking leave will explain the reasons for the needed leave.
 - D. It will be NTU Human Resource's responsibility to identify the requested leave as covered by the FML and as unpaid on the basis of leave time accrued under other NTU leave policies.
 - E. Such identification will be made at the time leave is requested or during such leave, on the basis of information provided by the employee.
1. Employee status and benefits during leave: The University will continue eligible employee health benefits during the leave at the same level and under the same conditions as if the employee continued to work. If the employee chooses not to return to work for reasons other than a continued serious health condition or if the employee or the employee's family member or circumstances beyond the employee's control, Employer will require the employee to reimburse the University for the amount it paid for the employee's health insurance premium during the leave period.

If the employee pays a portion of the health care premium, while on paid leave, the employer will continue to make payroll deductions to collect the employee's share of the premium. While on unpaid leave, the employee must continue to make this payment, either in person or by mail. The payment must be received in the NTU Finance Department by the 1st day of each month. If the payment is more than 30 days late, the employee's health care coverage may be dropped for the remainder of the leave. The University will provide 15 days' notice prior to the employee's loss of coverage.

2. Fitness-to-Return/Employee Status after Leave: At the time leave is designated, an employee may be notified that a fitness-to-return clearance will be required from the license health care provider before returning to work. This notice will be included in the University's response to the FML request. Generally, an employee who takes FML leave will be able to return to the same or equivalent position in terms of status, pay, benefits (including unconditional pay increases, such as

cost of living increases), and other employment terms, except the University may exempt key employees, (i.e., President – top execs).

3. Use of Paid and Unpaid Leave: An employee on FML due to the serious health condition of the employee or the employee's family member must use all paid time off leave prior to eligibility for unpaid leave. Disability leave for the birth of a child and for an employee's serious health condition, including workers' compensation leave (if it qualifies), will be designated as FMLA leave and will run concurrently with FML leave. For example, if the University provides six weeks of disability leave, the six weeks will be designated as FML and substitute accrue paid leave as appropriate before eligibility for unpaid leave for what remains of the 12-week entitlement.
4. Pregnancy Leave: Pregnancy leave shall be treated as an unpaid leave of absence for up to twelve (12) Weeks per the FML. Any accrued PTO may be used. PTO hours are not accrued while on pregnancy leave without pay. A pregnant employee who is temporarily unable to perform her job duties are treated the same as a temporarily disabled employee.

- E. Paid Administrative Leave for Investigations or for Pending Serious Disciplinary Action: When an employee is under official investigation or if it is determined that the presence of the employee would be disruptive to University operations, he/she may be placed on Paid Administrative Leave. This requires the University President's approval. If the President is unavailable and action is necessary, the employee's supervisor may place the individual on Administrative Leave until the President's approval is obtained. Paid Administrative Leave for any reason shall not exceed 10 working days unless the University President provides special authorization. Leave beyond ten (10) working days shall be charged as LWOP.
- F. Bereavement Leave: All regular full-time employees are entitled to take up to four (4) days of bereavement leave for members of their immediate family. For purposes of this policy, the term "immediate family" is defined as an individual who is related to the employee as a spouse, father, mother, son, daughter, brother, sister, grandmother or grandfather.

8.6 Leave Without Pay (LWOP)

9.2 Corrective Discipline

- A. Selection of Appropriate Corrective Disciplinary Action: University discipline is both corrective and cumulative. Repeated violations of the same standard of conduct may result in increasingly severe discipline. Violations of different conduct standards may also be considered in selecting the appropriate disciplinary action. Each case of inadequate performance or misconduct is judged individually and the type of corrective action depends on the severity of the infraction, the employee's work record, and prior history.
- B. Types of Corrective Discipline: Corrective discipline results from unsatisfactory performance or misconduct. It provides the employee with an opportunity to become aware of and correct his/her performance or misconduct. Types of corrective action include:
 1. Warning/Reprimand: For minor infractions or to correct minor performance deficiencies. Written reasons will accompany the warning or reprimand, a copy of which is given to the employee and placed in his/her personnel file.
 2. Suspension: An employee may be suspended without previous warnings for serious offenses or for continued low performance or misconduct after previous attempts to correct the action have failed. An employee who receives three written warnings for any offenses within a contract period shall be subject to suspension or discharge. Suspensions shall not exceed 30 days and shall be in writing, and shall state the reasons for the action. The employee shall be given the written statement, a copy of which shall also be placed in the employee's personnel file.
- C. Approvals for Corrective Discipline Any supervisor may take corrective action with an employee under his/her authority, consistent with University policies. Before disciplinary action is taken, it shall be reviewed by the Director of Human Resources to ensure that there is just cause for the action. The Human Resources Director will review the employee's work history and verify that the proposed course of disciplinary action is not discriminatory and is consistent with past practices. Corrective discipline or discharge shall be approved by the President of the University prior to issuance.

The corrective action notice shall be in writing, directed to the employee and shall contain:

acknowledge, a notation with a witness signature that employee refused to sign and date their notice.

9.3 Discharge

An employee may be discharged when the seriousness of the matter requires that the employee may not be permitted to remain on the work force or corrective actions have failed. Grievance and due process rights do not apply to probationary employees who may be terminated for cause before the end of the probationary period.

9.4 Table of Penalties for Selection of Appropriate Disciplinary Action

In the interest of administering discipline as uniformly as possible in accordance with the policies stated, a Table of Penalties is incorporated herein.

1. In cases of less serious performance and/or conduct issues, supervisors are encouraged to discuss such deficiencies with their employees before initiating any formal disciplinary action under the Table of Penalties.
2. A warning may also be appropriate for minor infractions or to correct minor performance deficiencies. Written reasons will accompany the warning, a copy of which is given to the employee.
3. Supervisors shall be specific in describing the time period constituting an employee’s suspension, and shall include both the dates and hours when the suspension begins and ends. Holidays shall be counted in computing the suspension period.
4. Suspensions imposed under the Table of Penalties are generally without pay and require the employees to remain away from the workplace during the period of suspension.
